

Crawler Track Systems

A-Trax, a subsidiary of global sourcing experts ATG, supply crawler undercarriage systems for a wide range of machines including screeners, crushers, trommels, excavators and stackers for the crushing & screening, construction, quarrying, agriculture, material handling and forestry industries.

We offer an impressive range of crawler undercarriage systems, with rubber or steel tracks, that have exceptional flexibility across a variety of applications and machinery. Manufactured in the UK in our bespoke production facility, we supply standard sizes or can work with you to create tailor-made solutions.

CRAWLER UNDERCARRIAGE

A-Trax supplies undercarriage crawler track systems to the agricultural, crushing & screening, material processing, recycling and construction industries on a wide range of vehicles including drilling machines, tractors and excavators.

Our in-house technical team works with the world's leading suppliers of planetary gearboxes, motors and motion control technology to design track systems that are both robust and reliable. All undercarriages are assembled in our UK production facility giving us the flexibility to produce standard sizes or to create tailor-made solutions.

Model	Low Duty Cycle (KG)	High Duty Cycle (KG)	Pitch Centre to Centre (M)	Overall Track Length (M)	Overall Track Height (M)
FL4 - 1.8	10,000	6,500	1.8	2.4	0.59
FL4 - 2.2	12,500	8,250	2.2	2.8	0.59
FL4 - 2.5	16,000	11,500	2.5	3.09	0.59
FL4 - 2.9	18,000	12,000	2.9	3.5	0.59
FL4 - 3.5	20,000	13,000	3.5	4.1	0.59
FL4 - 4.0	22,500	13,000	4	4.6	0.59
FL6 - 3.0	32,000	22,000	2.9	3.6	0.73
FL6 - 3.5	35,500	23,000	3.3	4	0.73
FL6 - 3.7	36,500	24,500	3.7	4.4	0.73
FL6 - 4.0	37,000	26,000	4	4.7	0.73

We can work with you on selecting, designing and sourcing the right part for your undercarriage - a process that combines suitability, effectiveness, strength, endurance - and price. You can rely on A-Trax to keep you moving!

The parts A-Trax supply include:

- Track Shoes
- Track Chains
- Apron Feeder Kits
- Hardware
- Motors
- Rubber Pads
- Gearboxes
- Motion Control Valves
- Track Groups
- Idler Assemblies
- Track Link Repair Kits
- Grease Nipples & Adaptors
